

Controll-A-Door® 4

AUTOMATIC SECTIONAL & TILTING
GARAGE DOOR OPENERS

SOME OF OUR OTHER PRODUCTS

B&D also manufacture rolling garage door openers, automatic gate openers and an extensive range of sectional and rolling garage doors, each operating with the reliability and dependability you would expect from the trusted name in automatic openers.

ACCESSORIES

Additional Remote Control Transmitters

For multiple person or vehicle use, additional 2, 3 and 4 channel hand and keyring transmitters offer maximum convenience and security.

(Part numbers: 2 button hand transmitter - 062171, 3 button hand transmitter - 062170, 3 button keyring - 062162, 4 button keyring - 059116)

Emergency Key Release

This allows it to be disengaged and operated manually from outside the garage. This is recommended where the garage door is the only entry point to the garage.

(Part number: 0T7012)

Entry Keypad

Allows entry to garage without a remote control transmitter. Operates via your own 4 digit security PIN. No wiring required.

(Part number - 062173)

Safety Infra-red Beams

For added safety and security the door will automatically stop and reverse if the beam is broken. B&D recommend the use of infra-red beams.

(Part number - 062153)

Transmitter Wall Button

Allows remote operation within 10 metres. No wiring required and can be mounted inside the home or garage. 4 Channels to operate two single doors or a double door and gate opener. Extra button could also be programmed to turn on/off your Controll-A-Door®'s courtesy light.

(Part number - 059120)

Notes / Information

- For areas within one kilometre of a corrosive environment e.g. salt air or industrial fallout, special care and maintenance are generally required for metal products. Consult B&D or your B&D accredited dealer for advice.
- B&D Controll-A-Door®4, in normal residential use, is covered by a full 5 year warranty on the opener, including labour to repair, when installed by an approved B&D dealer. 12 month warranty on transmitters. Globes and batteries excluded. Warranty only valid if warranty conditions are met. Full details of the warranty are available, on request, from your nearest B&D office.

- The company reserves the right to make changes or improvements to the products or accessories without notice and without incurring any obligation to make similar changes or improvements to goods previously ordered. Specifications subject to change without notice.
- Controll-A-Door is a trademark of B&D Australia Pty Ltd. Abuse of this trademark will result in legal action.
- B&D products have many patents and registered designs applicable. Patent No. 050922.
- Details correct at date of publication.

B&D Doors is a division of B&D Australia Pty Ltd, an Alesco company ABN 25 010 473 971 © 2005 B&D Australia

YOUR B&D REPRESENTATIVE IS

Controll-A-Door®4 is designed to suit most types of sectional and tilting residential garage doors.

GET IT ALL WITH A B&D CONTROLL-A-DOOR®4

SUPERIOR DESIGN

1. Convenience

You will really appreciate an automatic garage door opener on those cold, dark, rainy days. With just the push of a button on your remote control you will be able to drive straight into your garage.

2. Comfort

You can enter and exit your garage from the comfort of your car without struggling with heavy doors.

3. Safety

In and out of the car at night, parking on steep drives and entering dark garages are all things of the past with a B&D automatic garage door opener.

4. Security

B&D Controll-A-Door®4 automatically locks every time it closes. With ease of garage entry you also use the garage more.

5. Value

B&D Controll-A-Door®4 represents excellent value for money and most improvements add value to your home.

Full 5 year warranty* on the opener including labour to repair when installed by an approved B&D dealer.

ADVANCED FEATURES

- ◆ The 3 channel remote control transmitter is pre-programmed with your own security code. With over 3 486 000 000 unique codes you get the ultimate in security.
- ◆ Operating on 433MHz radio frequency for improved reception and less interference it automatically resets all settings after a power failure.
- ◆ Inbuilt automatic safety reverse system, stops then reverses when the door comes in contact with an object.
- ◆ Smart technology allows you to electronically program up to 12 remote control transmitters plus 1 entry keypad at the touch of a button.
- ◆ Easy to disengage cord allows you to manually operate the door.
- ◆ When the garage door is closed, the motor ensures the door is positively locked with no need for you to remember to lock the door.
- ◆ Courtesy light automatically switches on and off as you open or close your door... the light remains on for 4.5 minutes.

B&D recommend the use of safety infra-red beams on all installations of automatic garage door openers.

* 12 month warranty of transmitters. Globes and batteries excluded. Warranty valid only if warranty conditions are met.
