

 **Roll-A-Door[®]**
ROLLING GARAGE DOOR

The garage door is an integral part of the design, architecture and security of your home. No matter what sort of garage style or house design you have, there is a B&D Roll-A-Door® that will be the perfect size and fit for your home, and in a colour that complements the rest of your decor.

It's the door others try to copy, so beware of imitations. There's only one B&D Roll-A-Door®.

YOU GET MUCH MORE WITH A B&D DOOR

When you buy a B&D Door, you're buying the best in design features and styles. The B&D Roll-A-Door®, Australia's most popular garage door, is especially innovative in its design.

B&D invented the Roll-A-Door® in the 1950's and the B&D name was etched into Australian history throughout the 1960's and 70's with the launch and subsequent popularity of the B&D Roll-A-Door. Some 50 years on, B&D is still manufacturing a vast range of rolling and sectional garage doors, and an unrivalled range of automatic garage door opening systems.

Today the B&D Roll-A-Door is sold in 20 countries around the world. Its wide range of features makes the Roll-A-Door one of the most technologically advanced doors available, ensuring you get a door which is not only stylish, but will function smoothly and reliably for years to come.

Enhance the appearance of your home with a good looking garage door.

When building or renovating your home, don't overlook the importance of the garage door. It can take up to 40% of your home's frontage, and will have a large impact on the overall appearance of the house.

The B&D Roll-A-Door certainly stands out from the competition, and will enhance the appearance of your home with quality, finish and colour options available. With two designs to choose from, B&D's Roll-A-Door is sure to suit your home perfectly.

And we all know colour is important. That's why we have a wide range of colours available, including 22 COLORBOND® options, plus the choice of the bright Zinalume® finish (see page 7). That's enough choices to suit any exterior from a contemporary, modern style right through to the traditional Federation look.

There are some other things that make a door look good, which you may not have considered. The little things that B&D includes in our Roll-A-Door range, to ensure you get the best looking door. We custom make your door to suit your garage opening perfectly. At B&D your garage door is made for your home. Each door features a stylishly designed centre lift lock, that not only looks good, but makes locking and unlocking easier. And we understand that you want your door to look good for years to come. That's why a mini groove top sheet is included in the Squareline Deluxe range, to prevent scuffing and rubbing whilst in use. And it's easy to tell if it's an original Roll-A-Door, they feature a wider bottom profile for identification.

Now that B&D's done all the hard work ensuring your door will look great, all you have to do is pick which style and colour fits perfectly with your home...

B&D's Roll-A-Door[®] is the result of years of engineering development, combined with the introduction of one of the most advanced garage door manufacturing plants in the world.

SQUARELINE DELUXE

The Squareline™ Deluxe single width Roll-A-Door, like all B&D doors, will perform reliably over many years. Fitted with the unique mini-groove top sheet, the door's finish is protected from scuffing, ensuring it will continue to look good for years to come.

The Squareline Deluxe single width door is available in sizes up to 3150 mm wide and 3000 mm high. For wider openings we have the Squareline Wideline range available.

The B&D Wideline double width Roll-A-Door® garage door is available in two models Squareline and Traditional.

SQUARELINE WIDELINE

The Squareline™ Wideline™ Roll-A-Door has a curtain shape the same as the Squareline Deluxe garage door, making this range perfect for homes that need both a single and double garage door.

The Squareline Wideline garage door is available in sizes from 1200 mm to 3000 mm high and 2500 mm to 5500 mm wide.

TRADITIONAL WIDELINE

Featuring a deeper, rounded curtain shape, the Traditional Wideline™ Roll-A-Door has a more rigid steel curtain and heavy-duty spring and drums for the lifting mechanism, making this door perfect if it is going to be used a lot more than usual, or if an extra strong door is required.

The Traditional Wideline garage door is available in sizes from 1250 mm to 3000 mm high and 2500 mm to 5500 mm wide.

Roll-A-Door® doors can be operated manually, but make them even easier to operate with a B&D Controll-A-Door® automatic garage door opener.

Design your own Roll-A-Door® door, selecting your choice of style and colour options in the door design centre at www.bnd.com.au

It's the added features in the B&D Roll-A-Door® that make it one of the most technologically advanced doors available.

SMOOTH AND QUIET

B&D Roll-A-Door garage doors will provide you with quiet, smooth, greaseless operation. Features include:

- ◆ Nylofelt® running strips to provide greaseless operation.
- ◆ Roll-A-Guides and mini groove top sheet on the Squareline Deluxe to help reduce chances of paint scuffing during door operation.
- ◆ Rubber coated guide stops to prevent metal on metal contact.
- ◆ Guide block and roller for smooth, quiet operation.

SAFE

Safety should be a key consideration when selecting your garage door, as door failures can cause serious injury or even death. The following safety features have been built into your B&D Roll-A-Door:

- ◆ Steel door stops, not plastic like some brands.
- ◆ Locking bar end covers to prevent injury to fingers.

EASY OPERATION

Your B&D Roll-A-Door will continue to be easy to open and close, with features such as:

- ◆ Pressed steel castellated drum wheels, not plastic like some brands.
- ◆ Combination of precision springing and pressed steel drum, not plastic like competitors, ensuring consistent balance, and allowing you to stop the door where you want it, and it will stay there.
- ◆ Nylofelt® running strips (and Roll-A-Guides on Squareline Deluxe model) for effortless rolling action.
- ◆ Lifting handle conveniently located to assist you with opening and closing.
- ◆ Internal lock snib for easier use of the internal lock.

WEATHER PROTECTION

The garage today is used to store many different valuable objects, and in some cases is converted into another room, so weather protection is an important feature of any garage door. B&D Roll-A-Door features:

- ◆ COLORBOND® steel, to stand up to the harsh Australian climate.
- ◆ The weatherstrip with deep cushioning helps restrict entry of water and leaves. On slightly uneven floors it reduces the gap for better fit (single width doors have a multi-fin design).

SECURITY

The B&D Roll-A-Door includes additional features that help prevent unwanted intrusions into the garage, such as:

- ◆ Double bar locking action.
- ◆ Pick resistant lock design.
- ◆ Waist high, stylish centre lift lock that is durable and comfortable to touch in the heat of summer or the cold of winter.

DURABILITY

Your B&D Roll-A-Door will continue to operate like new, with features such as:

- ◆ Springs designed to exceed the Australian Standard for garage doors – 20,000 cycles.
- ◆ Squareline Deluxe and Squareline Wideline pressed square-line panels reduce the deflection in the door curtain and the visible effect of seaming joints.
- ◆ Traditional Wideline curtain with deeper, rounded curtain shape providing a stronger door with a more rigid steel curtain, and comes standard with heavy duty springs and drums.

COLOURS

B&D understands how important it is that your garage door suits your home and surroundings. That's why the Roll-A-Door comes in an extensive range of colour options.

With these colour swatches, and in the comfort of your own home, you can compare the colours to your existing home colour décor and style. Whatever style or image you're trying to achieve, there'll be a Roll-A-Door colour to suit your needs.

Colour can brighten,
enhance, improve, identify,
communicate, complement,
signify, expose, refresh.

The colours shown in this guide are as close to the actual colours as the printing process allows and may vary from actual. Before making your final selection, please feel free to request an actual colour sample from your nearest B&D office or B&D accredited dealer.

Refers to generic industry name.

¹Ebony / Night Sky only available on B&D Squareline Deluxe, Mini Warehouse and Low Profile Wideline Roll-A-Door models. Not available on Squareline Wideline or Traditional Wideline Roll-A-Door models.

² Non standard colours. Speak to your nearest B&D office or B&D Accredited Dealer for further information on these colours.

Even more convenience with a B&D
Controll-A-Door® automatic garage door opener.

For easier operation of your Roll-A-Door, add a B&D Controll-A-Door® (CAD R) automatic garage door opener. Designed to perfectly suit the famous B&D Roll-A-Door®, the CAD R provides:

- ◆ Convenience – One push of the remote control transmitter button and you drive straight into your garage.
- ◆ Comfort – No more lifting those heavy doors.
- ◆ Safety – Forget getting out of the car on those dark or rainy nights. Courtesy light allows you to see inside the garage before switching on the light.
- ◆ Security – Protection for yourself and your property with a positively locked garage door.
- ◆ Value – Adds value to your home.

Door Roll Obtrusion
